Remarks

This charming stone and vinyl Wilson Borough colonial, situated on an expansive lot with impressive fenced in back yard, is a rare find indeed! You are welcomed by a large covered front porch where you can relax and unwind. An inviting foyer entrance leads to a gracious layout on the main floor, with a nice size kitchen, formal dining area, and living room. The beautiful staircase, the wood trim, and wide window sills are just little details of the character this home has. There is a porch just off the kitchen that leads to the back yard. The second floor is wall to wall carpet with three bedrooms, full bath and a room in the front that is perfect for a small office. The walk up attic is finished and could be a very sizable 4th bedroom. The basement has a partially finished room that could be another den or small rec room. The roof, from 2013, is a 30 yr shingle. Most windows are replacements. The back yard has a 21' above ground pool, a detached 264 sq. ft. garage, and access to the alley. The location is convenient to hospitals, shopping, many eateries, and minutes to routes 22, 78, and 33.
